Seed Farms in Pennsylvania, New Jersey, and California

TERMS OF SALE.

PHILADELPHIA, January 1, 1916.

All bills purchased after this date will be charged at the prices quoted herein,—unless *special offers* are made by letter or telegram and *referred to* in the order. Not less than ten pounds of one variety will be invoiced at the rates per hundred pounds.

Terms of Credit.—To regular customers and well-known houses of established credit, all bills bought from this catalog are due June 1st, without regard to date of purchase, excepting Beans, Corn and Peas on which terms are (except when included in a general order) sixty days net or subject to a discount of one and a half per cent. for cash within ten days of invoice. *All accounts are subject to sight draft on June 10th, if payment is not received previously by mail.* Goods purchased after June 1st are payable on October 1st and subject to sight draft.

 Bills purchased on **special quotations**, made by letter or telegram, are *net* sixty days from date of invoice, or subject to a discount of one and a half per cent. for cash within ten days of date of invoice.

 **Grass and Clover Seeds, Onion Sets and Seed Potatoes** in quantity, are invariably **net cash**.

 Unknown correspondents desiring credit are requested to give satisfactory reference in Philadelphia or New York.

Cash Discount.—We allow a discount of **Five Per Cent.** on orders accompanied by a cash remittance, and also on all bills except where Beans, Corn and Peas only are ordered (at catalog prices) paid within ten days from date of invoice, or a discount of **One Per Cent. a month** on all bills (at catalog prices) if paid before June 1st.

The Prices Quoted are those ruling at this date. We expect to adhere to them through the spring, except where important changes compel us to advance or reduce our prices, when we shall be governed by the market. **10 lbs. and more will be supplied at the rates per 100 lbs.:** $\frac{1}{2}$ lb. and $\frac{1}{2}$ bushel at pound and bushel rates; but *smaller quantities will be charged at a higher rate.*

NO CHARGE for Packing or Cartage.—Bags and boxes are charged *at Cost*. After delivering to forwarders in **good order** (as shown by Bill of Lading) our responsibility ceases.

Insurance will be effected only when so directed.

SEALED PACKAGES.—We make no charge for sealing **pounds, pecks, or bushels**, but at the low bulk prices quoted, we shall charge for putting up in smaller sealed packages, when so ordered, as follows:

In Ounces.—One cent per ounce, 50 cts. per 100 ounces.

In Quarter-Pounds, Pints, and Quarts.—Two cents for each package.

In Two-Quarts and Four-Quarts.—A charge of three cents per package.

WE DO NOT COMMISSION SEEDS.—In response to hundreds of inquiries each year, we would state that we **positively decline to send out any Seeds on Commission**. Dealers handling seeds in packets will be supplied on liberal terms, and by ordering judiciously, those left over can be destroyed, and the business yet be more profitable and satisfactory than the handling of commission seeds.

Discounts TO THE TRADE From our Retail Prices.

In our Retail Catalog—**BURPEE'S NEW ANNUAL FOR 1916**—are many varieties of seed in packets for which frequently other dealers receive retail orders. We supply

All Seeds in Packets at 50 Per Cent. Discount.

500 packets or more at 60 Per Cent. Discount.

Excepting the new Spencer Sweet Peas, FIERY CROSS, THE PRESIDENT, and HILARY CHRISTIE.

Small quantities from our Retail Catalog, which cannot be invoiced at the low pound or bushel prices quoted herein, are charged at the following rates of discount from retail prices:

Vegetable Seeds by the Ounce,	-	-	-	40	per cent. discount
Seeds by the Quart or Pint,	-	-	-	33$\frac{1}{3}$	" "
Potatoes by the Pound,	-	-	-	40	" "
Bulbs in Collections,	-	-	-	20	" "

 For prices on Gem and Nasturtium, also Sweet Pea Collections,—see page 58.

At the above liberal rates of discount the goods travel at expense of purchaser, and when sent by parcel post the cost of postage will be added to the invoice.

Cable Address, BURPEE, Philadelphia.

The Burpee-Quality in Seeds

PHILADELPHIA, January 1, 1916.

The steady increase from year to year in the BURPEE BUSINESS is due not only to the constantly widening circle of planters who have confidence in the quality of our seeds, but also to the fact that intelligent *Dealers in Seeds* recognize that *it pays* to handle QUALITY-SEEDS and thus make pleased customers.

We are Specialists in Seeds.

Our entire attention is devoted to producing and distributing Seeds,—**Seeds only and only Seeds of the Best Quality.** We aim to do *this one thing well*,—consequently do not handle Dutch bulbs, small fruits, nursery stock, nor other kindred lines such as fertilizers, implements and poultry supplies. We shall be pleased to have your order for Seeds and *know* that we can serve you well.

A Word About Prices.

As of all other merchandise, the prices of seeds are governed necessarily by the cost of production and the law of supply and demand. The latter law (which can *not* be repealed!) affects severely several classes of seeds of which the crops in 1915 were so extremely short that prices even for usual commercial grades—although costing less to produce—have necessarily advanced to more than is usually charged for pedigreed seeds of the very best quality. Planters and Dealers, this season more than ever before, *should look to the source*, as high prices now (on short items, such as green- and wax-podded bush beans, carrots, egg plants, endive, onions, peppers, salsify and spinach) do not necessarily mean high quality!

While advanced prices are compulsory on the classes just named, yet on most other vegetable seeds we have had fair to normal crops and offer at our usual moderate prices,—with some reductions.

The prices printed have been fixed at actual values as they appear to-day. Wherever possible, however, should stocks warrant, we shall be pleased to make **quotations by mail or wire** to buyers of large quantities of any special varieties. Trusting you will favor us with your orders, which shall have prompt and careful attention,

We remain, sincerely yours,

Burpee Buildings:

North Fifth Street,
York Avenue and
Buttonwood Street,
Philadelphia.

Seed Gardens and Trial Grounds at our famous FORDHOOK FARMS, Bucks County, Pa., SUNNYBROOK FARM, New Jersey, and Burpee's FLORADALE FARM in California.

BURPEE, Philadelphia,

Is Our Registered Cable Address.

All foreign customers are requested to advise us of their **shortest cable address**. Customers in America who wish to telegraph will also find the following additional code useful.

Please note the **code-words** below that would be used in our **reply**, either by cable or telegram. For other sentences, use the **5th Edition of A. B. C. Code**.

FOR OFFERS AND INQUIRIES.

CODE-WORD.	TRANSLATION.
<i>Daubling</i>	Telegraph your lowest prices for
<i>Dean</i>	Mail your lowest prices for
<i>Decoy</i>	Mail your lowest prices for, and send samples.
<i>Defend</i>	Telegraph when goods can be shipped.
<i>Defender</i>	Advise immediately by mail how soon goods will be shipped.
<i>Deform</i>	Can you offer for acceptance by mail ?
<i>Deject</i>	Can you offer any ? If so, telegraph prices.
<i>Delude</i>	Can you offer any ? If so, mail prices.
<i>Derange</i>	Telegraph quantities you can offer of following, with prices.
<i>Descend</i>	State by letter quantities you can offer of following, with prices.
<i>Descry</i>	When can you ship.....?
<i>Deserve</i>	Please reply by telegraph.
<i>Desiccate</i>	Please reply by letter.

Code-words that will be used in OUR ANSWERS.

<i>Dab</i>	{ In reply to your telegram (letter), we quote for immediate acceptance upon our usual terms for special quotations
<i>Dabler</i>	Letter written contains full information.
<i>Dacite</i>	We accept your order for
<i>Dagger</i>	We accept your order for, and shall ship at once.
<i>Dairy</i>	We accept your order for, and shall ship as directed.
<i>Damsel</i>	We offer you for immediate acceptance, subject to being unsold.
<i>Dance</i>	We accept your offer and shall ship as directed.
<i>Dancing</i>	Will make you shipment
<i>Dangling</i>	Accept order for all but
<i>Daphnal</i>	Can only offer (lbs. or bushels)
<i>Dapifer</i>	We accept order, but can now only supply (lbs. or bushels)
<i>Dapper</i>	Cannot accept your order for
<i>Dapple</i>	{ Part of your order went forward by freight on expect to ship balance
<i>Dapperling</i>	Can accept your order for only (lbs. or bushels)
<i>Dapster</i>	We are now sold out of
<i>Darby</i>	{ Part of your order went forward by express on expect to ship balance
<i>Dardanus</i>	Please repeat your message, it is not clear.
<i>Dard</i>	Cannot now supply but offer as a good substitute

Code for positive ORDERS.

<i>Dare</i>	Send immediately the following by <i>freight</i> , per special quotations.
<i>Dargie</i>	Send immediately by <i>express</i> following seeds at catalog prices.
<i>Darken</i>	Send immediately by <i>freight</i> following seeds at catalog prices.
<i>Darnel</i>	Send immediately by <i>mail</i> following seeds at catalog prices.
<i>Dared</i>	Send immediately by <i>express</i> the following, per special quotations.
<i>Darling</i>	Send immediately by <i>mail</i> the following, per special quotations.
<i>Dasher</i>	Send at once; let other seeds follow as quickly as possible.
<i>Dashing</i>	{ Have you shipped our order? If not, increase if possible our order forto.....pounds (bushels).
<i>Datary</i>	Send.....immediately by express. Balance of order by freight.
<i>Dation</i>	Duplicate our last order.
<i>Datisca</i>	Book our order and await instructions by mail.
<i>Daturein</i>	Please add to our order.

Telegraphic Cipher (or Cable Code)

FOR WEIGHTS AND MEASURES.

The telegraphic cipher word for quantities must always precede the cipher words for seed, but if the same quantity of several varieties is ordered, the cipher word meaning that quantity need be placed only before the first. For example :

Arad Jaundice, Jean, Benares, Calliope, Lamprey, Malmo Balcony, would mean, ship at once, cheapest route, ten pounds each HELEN PIERCE and JANET SCOTT SWEET PEAS, twenty-five pounds each BURPEE'S ALLHEAD EARLY CABBAGE and BURPEE'S EARLIEST WAY-AHEAD LETTUCE and ten bushels BURPEE'S STRINGLESS GREEN-POD BEAN.

Our customers will find this a very inexpensive way of wiring their orders, but we must caution them that care be taken in writing out the messages, as we cannot hold ourselves responsible for errors arising from incomplete messages or incorrect translation.

IMPORTANT.—This telegraphic cipher must be used **ONLY** on orders by telegraph or cable, and never in written orders sent by mail.

TELEGRAPHIC CIPHER FOR PRICES.

The cipher or code-words given on this page are principally for our use in making quotations. For example :

Dab Cefalu Carding Debauch, Tokay Bacon Diazo, would mean : In reply to your telegram, we quote for immediate acceptance upon our usual terms for special quotations, provided unsold upon receipt of your order, one hundred pounds BURPEE'S SUREHEAD CABBAGE at \$1.65 per pound, two hundred bushels EXTRA EARLY RED VALENTINE BEAN at \$7.50 per bushel. These code-words can be used also if, when placing a telegraphic order, you wish to specify price quoted. For example :

Dare Angola Perturb Decoct Mocha Bib Dialect, meaning : Ship at once by freight, as per special quotations, five pounds RUBY KING PEPPER at \$2.25 per pound, sixteen bushels BURPEE'S BUSH LIMA BEAN at \$7.00 per bushel.

 By exercising ordinary care in preparing the telegram you can save time and money by the use of our code system. When possible, telegraphic orders are filled and shipped the same day they are received.

For Code-words for Quantities, Orders, etc., see pages 2 and 3.

Best Seeds that Grow for 1916,

Tested and Proved at our Fordhook Farms.

THIS PACKAGE (IF UNBROKEN) CONTAINS ONE OUNCE OF

Here follows the same "electrotyped" label as printed on our packet bags,—giving in full the name of the variety, and in case of the more important Vegetables and Flowers, also an illustration, description, and frequently directions for culture. Every package bears our full firm name, and is neatly printed in black ink, presenting a more attractive appearance than do the usual gaudy lithographed bags.

Every ounce-package is **dated** as above.

Packets, although not dated (because the electrotypes generally require the entire front of the bag), are all filled with the same choice quality of the **Best Seeds that Grow for 1916.**

W. ATLEE BURPEE & CO., Seed Growers.

Seeds of the best quality cost very much more to produce than do seeds of the ordinary commercial grade. And yet many merchants, having little or no knowledge of the value of **High-class Seeds**, purchase their supplies wherever they can be obtained the cheapest. It was brought to our notice that some merchants would buy a bill of seeds from us, obtain copies of our catalogs and show-cards, and then purchase a portion of their supplies from other seedsmen, who, growing "*cheap seeds*," could sell at much lower prices. In many cases planters who purchased from their local merchants, thinking that they were obtaining **BURPEE'S SEEDS**, got only a few of our seeds (perhaps in packets), and often the seeds bought by weight or measure were of inferior quality, falsely sold on our reputation, but for which we were not in any way responsible.

This deception was brought so prominently to our attention some years ago that we debated seriously whether we should not decline altogether to sell **BURPEE'S SEEDS** at wholesale. Further consideration, however, showed us that this would hardly be fair to the honorable merchants who had been handling our seeds exclusively for years. Therefore we announced that—

Hereafter we will sell Burpee's
Seeds **ONLY** in sealed packages.

Packets and ounces, in *Water-tight Manila Bags*, are sealed, and bear, plainly printed, either **our Name or Registered Trade-mark Monogram**, protected by United States Letters Patent. Quarter-pounds, pounds, pints, and quarts, in paper bags, have pasted across the top **a green label**, as below :

Burpee's Seeds that Grow

FOR 1916—"BEST BY TEST"

Genuine—if this Seal is Unbroken

Facsimile of our well-known "Green Seal."

SEEDS IN BULK,—that is, Peas, Beans, etc., by the peck or bushel, and quantities of small seeds in bags, will have **each sack sealed with our Trade Mark on a leaden seal.**

This plan will be a protection to honest merchants from competition with other seeds falsely claimed to be **BURPEE'S SEEDS**, and at the same time will be a guarantee to the purchaser.

**LARGE DEALERS WHO SELL ON THEIR OWN REPUTATION
CAN BUY SEEDS IN BULK FROM US, AS HERETOFORE.**

While every sack is sealed, the contents can be handled as desired,—except that they must not be sold as **BURPEE'S SEEDS**, unless in original packages.

Burpee's Vegetable Seeds.

TEN POUNDS OR MORE WILL BE CHARGED AT 100-POUND RATES.

 This Price List Cancels all Previous Quotations. 

 A **Telegraphic Cipher** (or **Cable Code**) is attached to each variety, by which orders can be wired at little expense,—using also our code for prices, weights, and measures as given on pages 2, 3, and 4. For example:

Darken Pelew Balcony would mean : Send immediately, by fast freight, forty bushels of BURPEE'S STRINGLESS GREEN-POD BEAN at catalog price.

Dared Breda Cage would mean : Send immediately, by express, fifty pounds of best select JERSEY WAKEFIELD CABBAGE as per *special* quotation.

Darnel Amoy Lantern would mean : Send immediately, by mail, three pounds of seed of BIG BOSTON LETTUCE.

 Please use telegraph cipher only for telegraphic or cable orders.

Telegrams should be addressed,

W. ATLEE BURPEE & CO., Philadelphia.

All Bush Beans (excepting Bush Limas) are in extremely short supply, although owing to an increasing demand for our superior stocks we had a larger acreage planted than ever before. We shall try and protect our regular customers and consequently have only a few varieties to offer in quantity except on general orders.

Lima Beans are largely grown for use as *dried beans* in winter and are to be found on sale at almost every grocery store. These "*Commercial Beans*" are produced cheaply, as they are grown like an ordinary field crop. SEED LIMA BEANS cost considerably more to grow, as the crops are especially cultivated, while the stock must be carefully watched and rogued to keep them *true to type*. Some seasons, unfortunately many commercial limas are sold for seed purposes.

The Value of a Guarantee is not in what is said, but who says it.

For thirty-nine years we have stated plainly that, where failure is caused by any fault of the seed, we would refund the full price paid. This should convince even new customers that we have confidence both in the quality of BURPEE'S SEEDS and in the great care exercised in their growing, cleaning, and packing. No honest seedsman could assume responsibility for more than the price actually paid by the purchaser.

Quality is the First Consideration in Burpee's Seeds. The best quality it is possible to produce—that is the rule with all Burpee's Seeds. While our prices must be higher than those of some other houses, yet the quality of the seeds in every case warrants the prices charged. We aim always to excel in quality rather than to compete in price.

About LETTUCE Seed.

Practically all the lettuce seed sold in America is raised in California, but, unfortunately, the demand for "cheap" seed has compelled a number of growers to produce seed from plants grown so closely together that they have no opportunity to form well-developed heads; nor can these crops be properly "rogued." Such seed is not to be compared with BURPEE'S!

Two Specimens of BURPEE'S NETTED GEMS,—engraved from a Photograph.

The Burpee-Quality in Melons.

Ever since we began business in 1876 we have been greatly interested in growing melons for seed and have done much to improve existing varieties of both musk melons and watermelons. Besides extensive field crops for seed, we have fruited in our New Jersey trial grounds as many as one hundred and forty varieties of melons unknown to commerce in a single season. While most of these, particularly those of foreign origin, have proved to be of no real value, yet, with such extensive and repeated trials, it is not surprising that we have introduced eighteen of the Best and Most Popular Melons now in cultivation.

Below is a list of varieties,—both MUSK MELONS and WATER-MELONS,—now in commerce which were first introduced by us. The figures before the name signify, of course, the catalog number; the figures in black-face type after the name, the year of introduction.

568 BURPEE'S BAY VIEW (1877).	558 BURPEE'S MELROSE (1893).
562 MONTREAL GREEN NUTMEG (1880).	585 BURPEE'S GOLDEN EAGLE (1898).
544 BURPEE'S NETTED GEM (1881).	622 MAMMOTH SANTIAGO (1899).
596 BURPEE'S CUBAN QUEEN (1881).	588 FORDHOOK EARLY (1890).
598 BURPEE'S MAMMOTH IRONCLAD (1884).	546 BURPEE'S MATCHLESS (1901).
575 EMERALD GEM (1886).	611 HALBERT HONEY (1902).
594 BURPEE'S HUNGARIAN HONEY (1886).	601 SUGAR-STICK (1905).
566 BURPEE'S CHAMPION MARKET (1887).	574 BURPEE'S FORDHOOK (1908).
609 KLECKLEY SWEETS (1897).	578 BURPEE'S "SPICY" CANTALOUPE (1910).

"THE SEAL OF QUALITY."

Fordhook Melon is most vigorous in growth, very early and extremely prolific. The fruits are ready for market fully as early as the green-fleshed *Early Jenny Lind*. The vines grow vigorously and each vine sets from five to nine melons closely around the stem ; frequently the fruits touch one another. The melons are remarkably even in size, weighing from 1 lb. 8 ozs. to two pounds each.

WE KNOW SEEDS by means of the FORDHOOK TRIAL GROUNDS.
We sell only seeds known to be good—THE BEST SEEDS THAT GROW!

Beware of so-called "Cheap" Onion Seed.

The Onion is universally grown in every section and is one of the most profitable market-garden crops, repaying many fold any extra care in preparing and fertilizing the ground and subsequent cultivation. No feature of this crop, however, is more important than the planting of a strictly high-grade strain of seed, as the proper preparation of the soil and cultivation of the crop involve considerable outlay. The profitable returns depend altogether on the sure ripening of the bulbs, and such a reliable strain of seed can be grown only from choice selected well-ripened bulbs. Our Onion Seed is grown for us under the most thorough and critical inspection, and we confidently claim it is the choicest that it is possible to produce.

Burpee's Seeds are "Seeds that Grow."

The purchaser of BURPEE'S SEEDS does not buy twenty cents' worth of risk with five cents' worth of seed,—the Trial Grounds enable us to fill packets with seeds only.

Every truck-patch or flower-bed, large or small, is the planter's "trial ground." We desire that our seeds and not your patience shall be tried there.

FORDHOOK FARMS (and SUNNYBROOK) render our desire attainable.

COPYRIGHTED 1903 BY WATLEE BURPEE & CO.

FIVE HUBBARD SQUASHES,—weighing 162 pounds,—engraved from a Photograph.
Grown by W. A. WADSWORTH, R. F. D. 2, Canandaigua, N. Y., from Burpee's Seed of the original Hubbard.

The Best Tomato Seed produced in America to-day is grown at Fordhook and Sunnybrook Farms and by our private growers in Bucks County, Penna., and in New Jersey, subject also to our personal supervision.

This is a strong statement, but complete trials—repeated every season—at Fordhook, together with inspection of methods pursued by other careful growers, from the Atlantic to the Pacific, leave no doubt in our minds as to its absolute truth,—certainly concerning the special strains for which our house has so long been famous. Many extensive planters write us that they cannot obtain Tomato seed anywhere else, at any price, that is *quite equal to* BURPEE'S FORDHOOK- or SUNNYBROOK-GROWN. If YOU are in doubt, test some of our special strains alongside any other seed you are accustomed to use. We are willing to abide by the result of such comparative trials!

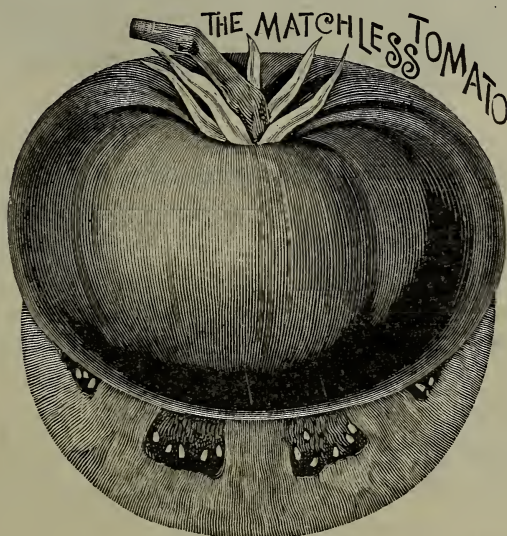

Burpee's Selected Seed of TOMATOES.

Twelve of the Best Tomatoes,—first introduced or improved by "The House of Burpee,"—and of which Fordhook and Sunnysbrook Strains of Seed are Unequaled!

BURPEE'S MATCHLESS (1889).
TURNER HYBRID (1886).
TRUCKER'S FAVORITE (1893).
FORDHOOK FIRST (1894).
FORDHOOK FANCY (1898).
BURBANK'S PRESERVING (1898).

GOLDEN DWARF CHAMPION (1898).
BURPEE'S QUARTER-CENTURY (1900).
CHALK'S EARLY JEWEL (1903).
BURPEE'S EARLIEST PINK (1906).
SUNNYBROOK SPECIAL EARLIANA (1907).
BURPEE'S DWARF-GIANT (1909).

Search every Seed Catalog published and you will not find any other twelve Tomatoes of similar types that can take the place of these popular BURPEE-STANDARDS. Buy wherever you may,—plant side by side,—and we think you will come to the conclusion that Burpee's Tomato Seed as grown upon our Pennsylvania and New Jersey farms is really *unequaled*. This applies not only to the above twelve but is true also of several other varieties, upon which we likewise "specialize." Most seedsmen charge less for Tomato seed than do we,—but the seed is usually worth correspondingly less. What does the cost actually matter when you consider that it requires only two ounces of seed to produce sufficient plants to set out an acre.

The Value of a Guarantee is not in what is said, but who says it.

For thirty-nine years we have stated plainly that, where failure is caused by any fault of the seed, we would refund the full price paid. This should convince even new customers that we have confidence both in the quality of BURPEE'S SEEDS and in the great care exercised in their growing, cleaning, and packing. No honest seedsman could assume responsibility for more than the price actually paid by the purchaser.

Burpee's Flower Seeds

are just as carefully and as thoroughly tested as our **Vegetable Seeds**, and we know that there is not offered seed of any better quality than stocks we now have in our warehouse.

If you have never carried flower seeds in stock, there is no better way to try the taste of your customers than by offering the special Aster, Sweet Pea, Nasturtium, and Gem Collections, offered on pages 57 and 58.

Our **Flower Seed Box**, offered on page 62, gives a very convenient way of handling the separate packages at a very slight cost.

“Proved by Test.” Unless you should order some variety that we do not catalog and instruct that we get it for you (when we shall send it at your risk,—in its original package), you may be absolutely sure that you will receive from us only such stocks of strictly high-grade seeds as have been proved absolutely **“Best by Test.”**

Many seedsmen have much to say about tested seeds, but unfortunately with most dealers this applies only to blotter tests for vitality. Our tests for vitality are *soil* tests. While necessary that *seeds grow*, it is of prime importance that they shall be of choicest selected strains, such as can be relied upon to produce products **“true to type.”** This can be learned only by thorough field trials. No other seedsmen in America make so many or such complete trials as are conducted annually at our famous FORDHOOK, FLORADALE, and SUNNYBROOK FARMS.

Superb New Spencer Sweet Peas.

Fiery Cross (Burpee's). **FIERY CROSS** is an appropriate name for this most unique novelty. During the seventeenth and eighteenth centuries, when Scotland was almost continually at war, the method employed by the chiefs to gather their clans together was by means of a fiery cross rushed from hamlet to hamlet by the speediest man obtainable. This fiery cross was simply a blazing pine branch. **FIERY CROSS** has all the appearance of live fire and is *an entirely new shade in Sweet Peas*. The standard is a scorching fire-red or rich orange-scarlet, which scintillates and glitters in the bright sunlight with a glowing fire-like sheen that radiates over the entire flower, including the rich cherry-orange wings. **FIERY CROSS** can be grown anywhere without danger of burning. The stronger the rays of the sun the more intense the brilliancy of the color, which defies description. The beautifully waved and fluted flowers are borne freely in threes and fours on long, stout stems.

In sealed packets containing ten seeds each: **Per pkt. 25 cts.; \$2.00 per dozen pkts.; \$13.75 per 100 pkts.** In lots of 500 packets or more, **\$12.50 per 100 pkts.** (Cable word, **FIERY**.)

"The President." This will compete with "*Fiery Cross*" as the greatest novelty of the year. It is wonderfully brilliant, in fact it might be termed a glowing scarlet self. The flowers are of largest size, carried on long, stiff stems, usually in fours, always beautifully waved even when well expanded and most harmoniously placed. It has been termed "the brightest color we have in Sweet Peas" and does not burn. "It is head and shoulders above anything of a similar color" and probably will never be surpassed in the orange-scarlet section. We were awarded Certificate of Merit for **The President** by the Pennsylvania Horticultural Society, June 23, 1915, also by the American Sweet Pea Society, at Newport, R. I., July 15, 1915, and have pleasure now in introducing this unusual novelty, simultaneously with our friends, Messrs. Alex. Dickson & Son, the celebrated Rosarians, of Belfast, Ireland.

In sealed packets containing twelve seeds each: **Per pkt. 25 cts.; \$2.00 per dozen pkts.; \$13.75 per 100 pkts.** In lots of 500 pkts. or more, **\$12.50 per 100 pkts.** (Cable word, **PRESIDENT**.)

Hilary Christie We were much pleased with this beautiful and distinct novelty in 1914 in the Essex cultures of our friend, Mr. Hugh Dickson, then President of the National Sweet Pea Society of Great Britain. The trial at Fordhook the past season has also been most satisfactory and we have great pleasure in now first offering the seed in connection with the originator. The plants grow strongly, bloom profusely, bearing flowers of good size and true Spencer type. The standard is frosted orange-cerise with crenulated fiery edge; wings rosy carmine, keel delicate fawny lemon. Its rich, though subdued, colorings are very chaste and refined.

In sealed packets containing ten seeds each: **Per pkt. 15 cts.; 2 pkts. for 25 cts.; \$1.00 per dozen pkts.; \$7.00 per 100 pkts.** In lots of 500 pkts. or more, **\$6.25 per 100 pkts.** (Cable word, **HILARY**.)

In sealed packets containing twenty seeds each: **Per pkt. 25 cts.; 5 pkts. for \$1.00; \$2.00 per dozen pkts.; \$13.75 per 100 pkts.** In lots of 500 pkts. or more, **\$12.50 per 100 pkts.** (Cable word, **CHRISTIE**.)

Cherub (Burpee's). This is much more beautiful than any picotee-edged Sweet Pea hitherto known. The ground color is a deep ivory-white, or rich cream, charmingly edged with bright rose. The vines are of extra strong growth, bearing the gigantic flowers profusely on the end of long stems, generally in threes with a good proportion of fours. **CHERUB**, like *Fiery Cross*, also originated in Scotland with our friend, Mr. A. Malcolm, who wrote, July 7, 1915: "I gave a sigh of relief when I read you were sending **CHERUB** out. Visitors here always note it and it will be most popular. It was inquired about perhaps more than any other. The name suggested itself to me one day—being so fresh and healthy and just like the cheeks of a beautiful country child—a soft groundwork of flesh pink on cream lit up on the edge by a particularly bright picotee edge of red. The reverse view some say is richer and finer than the front view." *That all may enjoy this charming "CHERUB" we offer it in sealed packets containing ten seeds each: Pkt. 10 cts.* In sealed packets containing thirty seeds each: **Pkt. 25 cts., less discount of fifty per cent.**

Phantom Blue (Burpee's). This is an outstanding pea of remarkable beauty. We have called it "**PHANTOM BLUE**" from its unusual color, which is an opalescent blue marvelously blended with a tinge of delicate purple, giving the entire flower a delightful pastel, or "art" shade of blue. The rich tone of blue is unmistakable—yet at times it appears most elusive. The flowers are well placed, almost invariably in fours on long, stiff stems. The rich tone of blue comes up beautifully in water, while the vigorous plants in full bloom seem like a sheet of iridescent blue. "A beautiful Tint of Blue."—**HUGH DICKSON**. "A prince of superlative degree."—**A. MALCOLM**. In sealed packets containing ten seeds each: **Pkt. 10 cts.** In sealed packets containing thirty seeds each: **Pkt. 25 cts., less discount of fifty per cent.**

Choice Strains of Tall Sweet Peas,

Floradale Farm produces in addition to tons of Sweet Pea seed the very finest strains of *Centaurea Imperialis*, *Cosmos*, *Dahlias*, *Delphiniums*, *Dimorphotheca*, *Eschscholtzia*, *Hollyhocks*, *Marigolds*, *Nasturtiums*, *Pelargoniums*, *Pentstemons*, *Petunias*, and *Verbenas*.

BURPEE'S FLOWER SEEDS.

ONE-QUARTER pound furnished at pound rates, and, except where otherwise priced, one-quarter ounce at ounce rates, where not less than sixty cents per ounce. Of the cheaper flower seeds, not less than one-half ounce will be supplied at ounce rates. *Not less than one ounce* will be supplied of varieties priced at 15 cts. or less per ounce.

These flower seeds are all of the finest strains of the best varieties, and are sure to give satisfaction. While many are grown by ourselves at FORDHOOK, FLORADALE, and SUNNY-BROOK FARMS, or by our private growers in America, all are tested thoroughly both for vitality and purity. Those that are imported are obtained only from the best growers in Europe, whose crops we have repeatedly inspected. The whole makes a collection unexcelled in uniform excellence of quality and vastly superior to the commercial grades commonly sold.

As is well known, we are headquarters for Sweet Peas (see preceding pages), supplying the most critical trade, both at home and abroad, with thousands of pounds annually.

We call your attention especially to our Nasturtium seed, which is grown for us under careful supervision, and is of a quality much superior to the usual strains offered to the trade. See pages 53 and 54.

In the past forty years (since 1876)

The House of Burpee

Has introduced more distinct Varieties of Vegetables and Flowers that are now recognized as Leading "standards of Excellence" in general cultivation than have any three other seed growers in America.

Selected stocks are grown upon our own seed farms in Pennsylvania, New Jersey, and California, and under private contracts, while FORDHOOK FARMS are famous as the largest and most complete Trial Grounds in America. There is no Government Experiment Station that attempts such complete trials each season, and the information here obtained is of incalculable value to planters everywhere.

We travel more than thirty thousand miles each season to inspect growing crops, but never a single mile to solicit an order. We want the trade, however, of those planters who appreciate QUALITY IN SEEDS. We trust that you will read carefully this SILENT SALESMAN, which tells only the plain truth, to "the best of our knowledge and belief."

BURPEE'S SEEDS GROW!

This well-known motto is equally true of our Flower Seeds as of Vegetable Seeds. The vitality of each variety is proved thoroughly before the seed is offered for sale.

The Value of a Guarantee is not in what is said, but who says it.

For thirty-nine years we have stated plainly that, where failure is caused by any fault of the seed, we would refund the full price paid. This should convince even new customers that we have confidence both in the quality of BURPEE'S SEEDS and in the great care exercised in their growing, cleaning, and packing. No honest seedsman could assume responsibility for more than the price actually paid by the purchaser.

 Few flowers impart such rich "bits of beauty" to the garden as the different types of NASTURTIIUMS. In addition to their use in the garden and on trellises we would recommend planting the seed freely along fences, hedges, etc., or wherever it is desired to have bright colors in profusion.

PANSY,—IMPERIAL GERMAN.

Five of the Finest American Asters for 25 Cts.

We harvested the past season very satisfactory crops, and feeling there are yet many planters who are not familiar with the magnificent types of American origin, have prepared this special collection, which contains the three separate colors described below and one packet each of two superb mixtures which are not sold separately.

Crego's Giant Pink Produces very handsome, perfectly double flowers of a soft delicate shell-pink shade. The flowers are borne on long stems and the plants will average about two feet in height. A superb variety for decorative purposes.

Lady Roosevelt In habit of growth resembles the Early-Flowering Royal type and bears profusely on long stems beautiful double flowers of a rich rose-crimson color. The cut flowers remain in good condition for a long time.

Semple's White Is undoubtedly one of the best white asters for cutting. The plants are of upright branching growth and produce freely the exquisitely formed double flowers.

New Hybrids Mixed Is the name we have given this mixture, as the majority of the seed was produced in a crop of a strain of Crego's which we are trying to develop. It is different from any other mixture in that it contains only soft lavender, lavender-pink, and pink shades. The double flowers are borne on stiff, long stems.

King Asters Mixed An entirely distinct type, as the long narrow petals of the large double flowers fold so much as to make them resemble quills.

For 25 Cts. we will mail one packet each of the FIVE OF THE FINEST AMERICAN ASTERS. This collection far surpasses any offer made since the introduction of these superb types. With each collection we enclose our leaflet on *How to Grow Asters*.

Wholesale. We offer any of the quick-selling popular 25-cent collections at \$1.80 per dozen or \$13.50 per hundred collections. For the Fifty-cent collection we charge 30 cents each and 75 cents each for the "Dollar Box," by freight or express, at purchaser's expense for transportation charges.

Merchants handling seeds as a "side line" should be able to create a demand for Burpee's Aster Collection offered above and the Burpee Flower Seed and Sweet Pea Collections described on the next page.

BURPEE'S SEEDS GROW and are famous for the Uniform Excellence of their Products

Burpee's Six "Superb Spencers" for 25 Cents.

BURPEE'S POPULAR 25-CENT COLLECTIONS OF SWEET PEAS AND OTHER FLOWERS sell quickly and allow the dealer a margin of ten cents on each collection. Our collections for 1916 are better than ever before,—see pages 57 and 58.

BURPEE'S NEW CABINET

OF

VEGETABLE SEEDS.

➡ See next page for illustration of the cabinet filled.

This is a handsome cabinet, beautifully finished in hardwood, that will be an ornament to any store. It stands 40 inches high and is 30 inches broad, divided into 48 compartments. The front of each packet of seed is shown, while the packets are held in place by a neat metal bar across each compartment. Cost of cabinet alone is **\$5.00**, but we will supply the **cabinet complete**, filled with **1000 packets** of seed as enumerated below, for **\$20.00**.

➡ The sale of these (at 5 cts. per packet) will allow a clear **profit of \$30.00**, and give the cabinet **Free**.

Burpee's New Vegetable Seed Cabinet contains 1000 Packets as per List given below.

ADDITIONAL PACKETS

of any of the varieties mentioned above, to fill up the cabinet, will be supplied at the uniform price of

\$2.50 per 100 packets, or

\$2.00 per 100 packets, when 500 packets or more are ordered at one time.

BURPEE'S BOX OF FLOWER SEEDS.

This box, which is fully described on page 62, contains 200 packets of the most popular quick-selling varieties, all of the best quality.

BURPEE'S NEW CABINET OF VEGETABLE SEEDS.

This cabinet is an ornament to any store. A lid, fitting grooves in the side, accompanies each cabinet, making it practically dust proof when put away for another season's use. See page 63 for full description and list of varieties.

The Burpee Buildings—
North Fifth Street, York Avenue
and Buttonwood Street—

*P.O. Box
1626.*

Philadelphia, Pa

It is with deep sorrow that we announce the death of Mr. W. Atlee Burpee, Fordhook Farms, November 26, 1915.

With his characteristic foresight, Mr. Burpee provided for the continuance of the business under the management of his two sons, David Burpee and W. Atlee Burpee, Jr. They, with the old associates, will always strive to advance the house of Burpee by that splendid spirit of service so well implanted by its founder.

Faithfully yours

W. ATLEE BURPEE & CO.

PETUNIAS AT FLORADALE.—*from a July photograph.*

We Grow More Varieties of Selected Flower Seeds upon Our Own Farms than do any other American Seedsmen.

Besides SWEET PEAS, we grow upon our own farms in Pennsylvania, California, and New Jersey the finest strains of many other flowers. We really "*could boast*" of our extra selected stocks of American ASTERS, ANTIRRHINUM, AQUILEGIA, BALSAMS, BEGONIAS, CAMPANULA, CARNATIONS, CELOSIA, CENTAUREA, CHRYSANTHEMUMS, CLEOME, COLEUS, CONVULVULUS, COREOPSIS, COSMOS, SHASTA DAISY, DAHLIA, DIANTHUS, DELPHINIUMS, DIGITALIS, DIMORPHOTHECA, DOLICHOS (both Bush and Pole), ESCHSCHOLTZIA, FUCHSIAS, GAILLARDIA, GERANIUM, GLADIOLI, GLOXINIA, GOURDS, HELIOTROPE, HOLLYHOCKS, IPOMEEA, KOCHIA, LOBELIA, MARIGOLDS, MIGNONETTE, MOONFLOWER, NICOTIANA, OENOTHERA, PENTSTEMONS, PETUNIAS, PHLOX DRUMMONDII, POPPIES (Annual and Perennial), PORTULACA, SALVIAS, SMILAX, SUNFLOWERS, TORENIA, VERBENA, and ZINNIAS. We also make a specialty of NASTURTIUMS, and have our own improved stocks of several distinct types that were first introduced by us.

PHLOX DRUMMONDII AT FORDHOOK.—*from a June photograph.*

The Main BURPEE BUILDINGS, PHILADELPHIA. Two other buildings to the south (including a double warehouse on York Avenue) are not shown in this illustration. Our new "DAYLIGHT ADDITION" alone, with its Luncheon and Resting Rooms for employees, has forty-two windows on each floor, exclusive of doors. The First BURPEE BUILDING (Seven Stories) was erected in 1898 upon the site occupied by us since 1882.

W. Atlee Burpee & Co., Seeds

Starting with a modest business in 1876, the House of Burpee has grown into the greatest mail-order seed house in the world. Like many other Philadelphia enterprises, this establishment is of international importance. Mr. Burpee will tell you that he has built up this great business by advertising, and to a great extent this is so, but back of it all has been the integrity and the enthusiasm of the founder of the House of Burpee. At the seed farms and experimental stations located at Fordhook, Pa., Sunnybrook, N. J., and Floradale, Cal., every man is made to feel that his work is important to the ultimate success of the business. Every one gets some of Mr. Burpee's enthusiasm, and the result is a splendidly organized machine—a business that is constantly growing, and growing upon the most solid basis that it is possible to put under any business; namely, confidence in the quality of the products turned out. Burpee's seeds grow; this fact is known the world over, and it is not by any chance that this is brought about.

Mr. Burpee knows all that it is humanly possible for any one to know about the mystery of the seed from the moment that it is gathered until it is placed in the package and sent to its destination. When a man, it matters not in what part of the world he may be, receives his little consignment of seed, upon which is dependent his next season's crop and his livelihood and that of his family, the name of Burpee on the package inspires him with confidence in a successful crop.

In days of old, members of the royal families numbered among their Court attachés gardeners who devoted all their time to growing such delicacies as were thought fit to grace the king's table, and rare flowers to adorn the royal gardens. W. Atlee Burpee is the world's gardener. Thanks to the energy and skill of this man, the most luscious fruits and vegetables are brought within the reach of every one, and many beds of beautiful flowers grace gardens, rich or humble, in practically every quarter of the earth.

The House of Burpee has done much to spread the fame of Philadelphia and Philadelphia enterprise throughout the world.—*Extracts from the first of two articles on "Important Philadelphia Industries," JOURNAL OF THE PHILADELPHIA CHAMBER OF COMMERCE, February, 1915.*
